THE MINISTER OF URBAN DEVELOPMENT AND POVERTY ALLEVIATION (SHRI JAGMOHAN) : (a) and (b) As a part of its drive against unauthorised construction and illegal encroachment, notices have been issued by the Land & Development Office and the Delhi Development Authority to the encroachers on public land who have built illegal structures by giving it an appearance of religious structure. While a part may be used for religious use; most of the illegally occupied public land and the illegal structure built on it are being used for commercial, semi-commercial and residential use. The number of notices issued recently by Delhi Development Authority is 123 and by the Land and Development Office 60. While the bonafide use is intended to be regularised on certain terms and conditions and on payment of the prescribed rates for religious structures, commercial component would be assessed to damages at the commercial rate and will be dealt with as per provisions of law. Two of the persons, to whom notices have been sent, have claimed that they have been occupying public land before 1947. Their claims are being scrutinised.
